EXPERIENCE _____

UI/UX and Graphic Designer | Co-op and Part-time   Jun 24 – Dec 24

S-Sense Program, Sheridan College, Mississauga, ON

S-Sense is a program operated by a small team of developers, designers, and researchers, aiming to help students develop agility and resilience.

- Supported the development of user interfaces and improved the user experience for the Sheridan S-Sense mobile application.
- Organized the design system and improved consistency across interface designs.
- Collaborated with designers, developers, and researchers and participated in weekly reviews and ideation sessions.

Peer Program and Course Tutor | Part-time   Jan 23 – Apr 25

Sheridan College, Oakville, ON

- Offered weekly academic support to Interaction Design students across the majority of core program courses.
- Cooperated with professors, peers, and tutoring associates.

EDUCATION _____

Honours Bachelor of Interaction Design   Sep 21 – Apr 25

Sheridan College, Oakville, ON

Multidisciplinary program cultivating design empathy alongside technical skills. Completed projects include physical computing, visual communication, and human-centered problem-solving.
