Junior product designer with a bachelor's degree in interaction design and hands-on experience creating intuitive and meaningful digital experiences driven by research, empathy, and a passion for problem-solving.

EXPERIENCE

Freelance Web Designer

Nov 2025 - Present

- Improved websites' usability, responsiveness, and visual design, driving more engagement and better establishing the companies' presence.
- Aligned visual direction and designs with business objectives through regular communications and collaboration.

UI/UX and Graphic Designer

Jun 2024 - Dec 2024

Sheridan College, Mississauga, ON

- Collaborated with 4 developers, 2 designers, and a project manager to develop and improve the user experience for 4 key features, delivering intuitive mobile interface screens and visual assets.
- Improved consistency across UI designs by leading the continued development and documentation of the design system in Figma.
- Planned a comprehensive usability test to assess the app's ease of use and identify inefficient flows.
- Identified and reduced redundancies in UI elements and user flows by compiling and analyzing a comprehensive wireflow of the mobile app.
- Conducted and contributed to weekly quality assurance testing.
- Workshopped content to help students develop agility and resilience with 5+ researchers.

Interaction Design Tutor

Jan 2023 - Present

Sheridan College, Oakville, ON

- Improved students' understanding and application of design concepts and practices through weekly in-class support and hybrid appointments.
 - Provided constructive feedback, problem-solved design and coding challenges.
 - Worked with program faculty to support first-year students in core design, coding, and conceptual thinking courses.
-
