

Hanh Trang Do

UX/UI DESIGNER

trangdo.site | linkedin.com/in/hanh-trang-do | trangdohanh@gmail.com | (437) 329-1016 | Oakville, Ontario

Junior user experience and interface designer with a bachelor's degree in interaction design and hands-on experience creating intuitive and meaningful digital experiences driven by research, empathy, and a passion for problem-solving. Open to in-person, remote, and hybrid roles.

EXPERIENCE

UI/UX and Graphic Designer | Co-op and Part-time

Jun 2024 – Dec 2024

Sheridan College S-Sense Program, Mississauga, ON

S-Sense is run by a team of 20+ developers, designers, and researchers to help students develop agility and resilience through workshops and digital content.

- Delivered intuitive mobile interface screens and visual assets to improve the user experience and support the development of the S-Sense app.
- Collaborated with designers, developers, and researchers to develop and integrate new features, while ensuring adherence to the wireframes and design system.
- Organized and maintained the design system in Figma and improved consistency across interface designs.
- Identified and reduced redundancies in screens and interactions by compiling and examining a comprehensive wireflow of the mobile app.
- Participated in weekly design reviews and ideation sessions.

Peer Program and Course Tutor | Part-time

Jan 2023 – Present

Sheridan College, Oakville, ON

- Offered weekly in-person and remote academic support to Interaction Design students across the majority of core program courses.
 - Clarified concepts, problem-solved design and coding challenges, and provided constructive feedback to support first-year students in two challenging courses.
-

SKILLS

Research: Competitor and market analysis, user survey, user interview, card sorting, A/B testing, usability testing.

Development: Experienced with front-end responsive website development, capable with simple backend databases using MongoDB and physical computing projects involving Arduino.

Tools: Figma, Photoshop, Illustrator, InDesign, After Effects, Premiere, Spline, HTML, CSS, JavaScript, MongoDB, Tableau, Observable.

PROJECTS

Smart Documentation for Early Childhood Educators – UX/UI Designer & Researcher

Jan 2025 – Apr 2025

Red Thread Innovations (RTI) partners with Sheridan College's Interaction Design program annually to mentor 4th-year students in developing meaningful solutions.

- Collaborated with a team of researchers and designers and an industry partner to research and develop a digital platform concept that better supports early childhood educators.
- Led the development of an AI-integrated mobile documentation platform streamlining notetaking and reports for educators.
- Awarded the runner-up in RTI's Purposeful Innovation Pitches.

EatWell Mobile App – Product Designer

Sep 2024 – Apr 2025

- Conducted surveys and interviews, in addition to secondary research, to identify and understand challenges preventing postsecondary students from maintaining regular and healthy meals.
- Designed wireframes, prototyped, and conducted user testing to refine the concept and complete minimum viable product for a mobile app to reduce stress in meal activities for postsecondary students.
- Outlined and developed a design system to streamline the design and prototyping process.

EDUCATION

Honours Bachelor of Interaction Design
